SUES ON BREACH OF CONTRACT

In the Mason Circuit Court late yesterday Mr. Clarence Phillips filed suits against Charles Farrow charging a breach of contract.

The plaintiff states that in the spring of 1917 he purchased of the defendant a load of hogs to weight 15,000 pounds at \$11.25 per hundred for delivery in Cincinnati on August 21, and relying on this agreement he resold the hogs to Charles Newman at \$11.75 for delivery in Cincinnati on August 21.

Plaintiff charges that the defendant Farrow failed to deliver the hogs and he was thereby unable to keep his contract with Newman and was compelled to pay Newman the difference between the market price of the hogs as dependent agreed to sell at the time and of the price agreed with Newman, to-wit: \$1087.50.

Plaintiff claims a loss as shown by the difference between the market price of the hogs at the time of delivery in accordance with his agreement and the market price, to-wit: \$1162.50. He asks judgment for this amount together with costs and interest.

LEADING MILLINER

SECOND CONTINGENT

Ordered to Report to Local Board Tomorrow Afternoon—Local Board Makes Great Record.

All arrangements are completed for the movement of the second contingent of the Mason county selective service army to Camp Taylor, Louisville on Saturday morning.

The men have been ordered to report to the local board at 8 o'clock tomorrow afternoon. The orders are sent out on a double post card and the men are given the opportunity of spending the night on Friday at their own homes if they are within one hour's drive of the railroad station and this practically takes this advantage away from all of the men except those who live within the city.

More men than are necessary have been certified and have been ordered to report tomorrow afternoon but some will act as alternates and will go in the stead of men certified for this call who will not go or who fail to show up in time to catch the train. Mr. Fred M. Morgan has been admitted to Ft. Benjamin Harrison and is in training for the officers' reserve corps; Dr. John D. Grant has been given a commission in the army and Louis D. Poyntz is a colored man, so that these three men are cut out of the list.

The board has certified 187 men to the District Board and in all of these men they have been upheld by the District Board in all cases reported except one. Yesterday they received information from the District Board that Mr. Labe Turner, who was refused exemption by the local board had been granted exemption by the District Board.

The movement of the selectives will be a very quiet affair. So far as known there will be no celebration of any kind and although the government has figured out very carefully the route of the men to the camp, this routing and the time of the company's leaving will not be announced.

WHAT'S THE MATTER WITH GRASSY?

Word comes from Lewis county that the local Exemption Board for that county is in quite a muddle. It is reported that although they have passed on several claims for exemptions, the first five per cent for that county has never yet been forwarded to Camp Taylor. Members of the Board seem to be considerably tangled up and one member of the board made a recent trip to Washington City in an attempt to get straightened out on the matter.

ALL DRAFTED MEN MAY BE EXAMINED BY LOCAL BOARD

Although they are not ordered to do so, the local examining boards of the country have been given the privilege of giving all drafted men the physical examination. There is considerable unrest in the country and it is suggested that if the physical examination for the entire lot of men subject to call it might cause matters up quite a bit. The Mason County Board has taken no definite action on this matter.

DISTRICT EXEMPTION BOARD ABOUT DONE

The District Exemption Board decided several appeal cases from this county when they certified the extra twenty men to make up Mason county's forty per cent. to leave on next Saturday. There are now only a few appeal cases pending from this county before the District Board.

BUICK COMPANY ACCEPTS TRUCK AGENCY

The Maysville Buick Company, local automobile dealers, have accepted the local agency for the International Automobile Truck. This is one of the best and most serviceable trucks on the market and the local concern is one of the live wires in the automobile business here which means that many of these famous trucks will be distributed through this section of the country.

ON A VISIT TO HIS PARENTS

Mr. Thomas Wallace, member of the United States Navy, is here on a short furlough with his parents, Mr. and Mrs. James A. Wallace, of Forest avenue. Thomas has been in training for some time and looks mighty fine and healthy.

ASKS FOR DIVORCE

In the Mason Circuit Court yesterday Artie Mae Grigson filed suit for divorce from her husband, William David Grigson. The plaintiff charges that the defendant deserted her in 1910 without any fault on her part.

Circuit Judge C. D. Newell is improving slowly and it is expected that he will be able to open Circuit Court again on next Monday. The case of Thackston vs. Maysville Street Railway Co., which was to have been called last Wednesday, has been postponed till the December term.

Mr. Robert Panworth and John C. Everett, Jr., left for Sevenson, Tenn., to enter the university at that place.

PRISONERS CAPTURED

Two Negro Men Who Escaped Fleming County Jail Are Located at Dayton, Ohio—They Are Under Rest For Stealing Wool.

Charles Heidrick and Bob Howe Williams, two negro men who were arrested in this city last June at the request of the Fleming county authorities for stealing wool in that county and who escaped from the Fleming county jail on August 29th, have been arrested by the detectives at Dayton, Ohio.

Jailer William Bramel, of Fleming county, passed through the city yesterday on his way to Dayton to return the men to Fleming county. They have not yet been indicted by the Fleming County Grand Jury but the evidence is very strong against them and there is little doubt but that they will be.

Heidrick, it will be remembered, was employed on an automobile truck operating between Flemingsburg and this city and assisted Williams in bringing the wool to Maysville while he superintended the deal for the sale of the wool to local dealers.

FOUNDER OF BARACA CLASSES COMING

A committee has been selected to make arrangements for the social and all of the Sunday School classes of the city will likely be invited to hear this great Sunday School man speak. Following as this does, the meeting of the State Sunday School Association here, the local people will have truly a Sunday School treat.

The Baraca movement will be twenty-seven years old on October 21 and the local Baraca class is also planning a celebration on this date. A program committee has been appointed and a great time is planned.

SETTLING UP THEIR BUSINESS

The local men who have been called to go in this second contingent of the citizen-soldiers who leave for Camp Taylor Saturday, are hustling about considerably to get ready for leaving. Several of the young men have considerable business to wind-up before leaving and on such short notice they will have to hustle.

BURIAL IN CHARTER OAK CEMETERY

The funeral of Mrs. Goldie Brookover, who died at the home of her brother, near Manchester, Ohio, will be held from the Brookover home in Aberdeen this afternoon at 2 o'clock and burial will be made in the Charter Oak Cemetery just below Aberdeen.

Messrs. Teager and Grigsby of this city have purchased the William L. Lawrie farm of 114 acres near Slickaway in Huntington Township back of Aberdeen.

MANY PEOPLE

Are Now Employed at the American Tobacco Company's Stemming Plant—Many Colored People Work There.

The American Tobacco Company's stemming plant here is proving quite a success. It is stated that near eighty persons are now employed in this factory.

A class of people are given employment in this plant that could not secure employment in most any other factory in the city. A large number of old people can stem tobacco all day and they are making fairly good salaries out of their work. There is also a special department for colored people and a large number of colored men and women, boys and girls are now working there.

The police have issued orders that all of the young colored girls who have been giving them considerable trouble by loitering on the streets must seek employment somewhere to keep them off the streets and the large number have found employment in this factory. Reports are being made to the police as to whether these street walkers hold their positions or not.

MORGAN REPORTED AS A DESERTER

The Mason County Exemption Board has reported Grover Morgan, the boy who escaped the Paris jail a few days ago, to the state and government authorities as a deserter, he having failed to report to the board for physical examination. Had Morgan reported to the board he would be leaving Saturday with the second Mason county contingent.

MILK DELIVERY MAY STOP ON SUNDAY

At a meeting of the milk producers association held here Tuesday evening the one question that is confronting all local business men just now—Sunday closing was discussed. The milk men most generally take the position that the delivery of fresh milk on Sunday morning during the warm weather is a necessity for the health of the babies as well as the grown-ups of the city. It is likely, however, that at another meeting to be held in November, the milk dealers will decide to do away with the Sunday morning delivery during the cold months when the milk will keep well.

EXEMPTION BOARD MAILED NOTICES

The Mason County Exemption Board has mailed to the men in the second contingent their notices to appear ready for entrainment at 3 o'clock instead of 4 o'clock as stated yesterday. The young men who live near the station are given the privilege of spending the night Friday at their homes.

The First Lord of the British Admiralty is quoted as saying that "it is a great war and a great age to live in"—presumably meaning that it is an age of the making of heroes and of national purification through trial. Such a view is beyond many of us who would hail the war's end tomorrow, but certainly it is better to look at it in this way than to pull a long face and do nothing but drivel pessimism.

The over-wrangling and truculent Blease, who the voters of South Carolina finally sent out obscurely, has hopped up a pacifist. "All we care about is ourselves; what do we care for those who come after us?" he is quoted. Characteristic but silly. Even if we are indifferent to the fate of our children, it won't take the Germans a generation to do us up unless we beat them to it.

Is it desirable for private citizens to display the flag every day until the war's end? If so, it is time for many to invest in new ones and begin to take better care of them. The effect of so many frayed and faded flags is cheapening. Would there be more inspiration in a general display of flags only on special days and upon the receipts of good news from the front?

The government at Peking has declared war because of "the many kinds of German intrigue seeking to create disorder in China." Disturber of the peace of the world is one title that Germany has unquestionably earned by hard work. The ramifications of German intrigue have reached far into all countries and have multiplied especially in the United States.

The wheat is to be closed but the bottomless pit will remain open so that men may have evil promptings as well as good and thus be able to rise to high levels by means of the exercise of freedom of choice.

The ex-Czar is to be sent to Tobolsk in Siberia, a lonely town far from any railroad where even the long and ceaselessly active arm of hostile German intrigue can not reach him.

"FIFTY-FIFTY BISCUITS"

Have you tried "fifty-fifty biscuits"—Uncle Sam's latest idea for saving wheat our in hot bread? You use 2 cups of corn meal, soy beans which can be home ground, finely crushed peanuts, or rice flour to 2 cups of white flour. Or you can use one cup of corn meal and one cup of ground soy beans or crushed peanuts with the wheat product.

You can make "fifty-fifty" muffins with 1½ cups of cooked or mashed sweet or Irish potato, or cooked cereal, or ground soy beans, to an equal amount of flour. Then there are "fifty-fifty" recipes for wafers and for corn-meal cookies.

How to make all these "fifty-fifties" as well as home methods for entire corn-meal gems and yeast breads and rolls made in part of finely crushed peanuts, sweet or Irish potato, soy-bean meal which can be made at home by grinding soy beans in a handmill, rice, corn meal, or cooked cereals, are described in detail in United States Department of Agriculture Circular No. A 91, "Partial Substitutes for Wheat in Bread Making." Here is a sample recipe—the one for fifty-fifty biscuits as worked out by Hannah L. Wessling, Specialist in Home Demonstration work.

"Fifty-Fifty Biscuits"
2 cups corn meal, ground soy beans or finely ground peanuts, rice flour, or other substitute.
2 cups white flour.
4 teaspoons baking powder.
2 teaspoons salt.
4 tablespoons shortening.
Liquid sufficient to mix to proper consistency (1 to 1½ cups.)

Sift together the flour, meal, salt, and baking powder twice. Have the shortening as cold as possible and cut it into the mixture with a knife, finally rubbing it in with the hands. Mix quickly with the cold liquid (milk, skim milk, or water,) forming a fairly soft dough which can be rolled on the board. Turn onto a floured board; roll into a sheet not over ¼ inch thick; cut into rounds; place these in lightly floured biscuit tins (or shallow pans,) and bake 10 to 12 minutes in a rather hot oven. If peanuts are used, the roasted and shelled nuts should be finely crushed with a rolling pin.

Peebles, Ohio.

Peebles surpassed all her previous records for hospitality when she entertained Capt. Miller and Company "D" of the 1st Ohio V. I., from Saturday until Monday last.

When the message announcing the intended visit came in over the wires from Hillsboro a great hurry and bustle at once commenced.

CV. A. Watts quickly organized a posse of squirrel hunters who were out early Saturday morning bringing down the squirrels. By noon 75 squirrels were at hand and the ladies of the Red Cross lost no time in preparing them and many other toothsome dishes for the banquet.

Peebles and Adams county have already proven their patriotism and loyalty in many ways heretofore and no one had any intention of doing anything else on this occasion when 128 of Uncle Sam's boys made up from this county and Highland county came to visit their old home.

At 5 p. m. when the tired, dusty, khaki-clad fellows arrived, they were met far outside of the limits of the town by Mayor Elliott and Hon. J. R. B. Kessler, Adams county's Representative in the Legislature, by the Peebles Band of pieces and by the Boy Scouts and scores of citizens. To the music of the Band the line proceeded through the town to the campus of the High School, where at last the boys were permitted to "stack arms" and rest while greeting their friends.

At 6 p. m. the bugle sounded the "mess call" and the soldiers were invited into (the basement of the school building) where at flower-decked, brightly lighted tables, they were served the squirrels and the best the town afforded by the ladies of the Red Cross Society.

On Sunday morning Captain Miller and his entire Company marched into the Methodist Church for morning services, not ashamed to admit their allegiance to both God and their country.

At noon they were again royally banquetted as guests of the town and by 1:30 p. m. the streets swarmed with citizens, old and young, coming to greet the do honor to the soldier boys.

On the broad lawn of Dr. Thomas' lovely home the crowd was addressed by Hon. O. N. Sams and Hon. G. L. Garrett, both of Hillsboro, each of whom was introduced by Mayor Elliott.

At this time an organization was formed of local citizens, by which Company D. was adopted and the

citizens pledged themselves to stand as Big Brothers to the boys, who, on the firing line are to make it possible for the rest of us to enjoy our homes in a land of Freedom.

Upwards of 1500 people took part in this demonstration and watched the soldiers go through their regular "drill."

After another night spent in their little tents on the campus the Company took up their line of march going northward, over the State road to Sinking Springs on their way back to Hillsboro, thus completing a "hike" of 70 miles.

THE DAILY REMINDER

In The Day's News
The Crown Princess Cecilie, who will some day be empress of Germany, if the war does not upset the Hohen-zollern dynasty, celebrates her 31st birthday anniversary today. She was born a princess of the house of Mecklenburg-Schwerin, her father being the reigning grand duke and her mother a Russian grand duchess. There was genuine rejoicing in Germany when the young princess was married to the Crown Prince Frederick William in 1905. Six children have been born to the young couple. The Crown Princess is tall and graceful and always dresses with great elegance. Besides attracting the German people with these worldly charms, she has won their enduring esteem and affection for her admirable qualities as a wife and mother.

SWEDEN IN THE LINELIGHT

Sweden has a population of 5,680,000.

The State religion of Sweden is Lutheran. Sweden's greatest article of export is timber.

Elementary education in Sweden is compulsory, free and well organized. The last census gave Stockholm, the Swedish capital, a population of 382,085.

Sweden has 9,000 miles of railway, of which about one-third belong to the State.

Sweden adopted a system of universal suffrage and proportional representation in 1909.

The total war strength of Europe is estimated at 600,000 men, with half a million more reorganized.

Sweden has an area of 172,876 square miles, which is equal to a little more than twice the area of Minnesota.

Nearly 50 per cent of Sweden is woodland, there being about 900 acres of forest for every hundred inhabitants.

One of Sweden's most valuable assets are her iron mines, from which some of the finest steel in the world is produced.

Queen Victoria of Sweden is a daughter of the late Grand Duke of Baden, granddaughter of the late Emperor of Germany and full cousin of the present Kaiser.

King Gustav of Sweden is directly descended from that Marshal Derna-dotte, who commencing his career by carrying a musket for the great Napoleon, ended by receiving the kingdom of Sweden.

The ancient inhabitants of Sweden were Finns, now the people of Finland, who retired to the north on the appearance of the Scandinavians or Goths, who have ever since been masters of Sweden.

By the union of Calmar, in 1397, Sweden became a province of Denmark, and was not wholly rescued from this subjection till 1521, when Gustavus Vasa recovered the kingdom from the Danish yoke.

Stockholm, the capital of Sweden, is known the world over for its wonderfully beautiful situation on the islands and the shores of Lake Lacler, just where this body of water finds its exit into the Baltic.

There is probably no country in the world, unless it be America, where so much attention is given to the education of the masses as in Sweden. The attendance at the "Folkhskolor," or public schools, may show a comparatively small per cent of attendance as regards population, but this is due to

FOR GREAT DRIVE AGAINST AUSTRIA—IMPORTANT CONFERENCE OF THE ALLIES TO BE HELD

Washington, September 18—Representatives of all the allies, excepting the United States, will meet in London, in a few days to discuss the war situation from all viewpoints and with a view to future plans based upon present conditions in all theatres of war. The absence of the United States from the conference gives color to the belief that a gigantic new attack upon Austria by way of continuing and augmenting the Italian offensive is planned. The United States

is weak. Poisons that pass off when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maysville woman tell of her experience.
Mrs. J. C. Hays, 493 W. Second St., Maysville, says: "About six years ago, I suffered from a severe attack of kidney trouble. My back first became lame and ached dreadfully. Pains shot through it clear up to my shoulder blades. My kidneys were irregular in action, too. A few boxes of Doan's Kidney Pills, which I got at the Chenoweth Drug Co., helped me a great deal. My kidneys became normal and the pains left my back. I have used Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Hays had—the remedy backed by home testimony. 60c all drug stores. MITCHELL WINS IN CLOSE RACE

New York, September 19.—Supporters of Mayor John P. Mitchell, fusion candidate for re-election late tonight claimed that he had won the Republic.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. Sold by Druggists, etc. Hall's Family Pills for constipation.

lican majority nomination in primaries held today, but only after a close contest with William M. Bennett, who entered the field without organized support. The unexpectedly heavy vote given Bennett, who is a former state senator, was the feature of the primaries.

With returns received from 1,810 districts out of 2,060 in the greater city, the vote was:

Mitchell, 31,042; Bennett, 29,733.

Bennett made his strongest showing in the borough of Brooklyn where he ran far ahead of Mitchell.

There were no contests in the Democratic primaries except for judicial nominations. John F. Hylan will be the Democratic candidate for mayor against Mitchell.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.
